ABOUT THIS COLLECTION

Egyptian porcelain, global standards

This portfolio presents a complete range of glazed-porcelain tiles produced to international specification — offered to buyers through XORA GLOBE. Every design is rectified for precise, minimal-joint installation and is available in polished and matt finishes across large-format and standard sizes.

The range spans marble and stone looks, concrete and cement effects, wood-walk planks, terrazzo and decorative series — from compact 20 × 20 cm pieces to 120 × 120 cm panels and 80 × 160 cm large-format slabs. Photographs shown are of the actual product faces so buyers can shortlist by look and colour before requesting samples.
